MERRY TASK RACES POORLY

BELMONT HORSE RECENTLY RETURNED FROM ENGLAND DISAPPOINTS AT PIMLICO.

Is Made an Overwhelming Favorite in Handicap and, Sulking, Fails to Place—Close Finishes Mark Racing.

Baltimore, Md., May 16.—Spirited racing was the order at Pimlico this afternoon. Well-matched fields went to the post and the finishes were close. Louis Travers' training margin over Wanta in the first race was a neck, while Fred Levy just managed to last long enough to beat Brynary a head in the third. A light shower fell before the horses went to the post for the fifth race, but what little rain came down helped rather than hurt track conditions. Gold Cap won this race by a scant half length in a driving finish with York Lad. August Belmont's Merry Task, which came back from England with the reputation of being a shifty racer, was soundly beaten in the owners' handicap, for which he was an odds-on favorite. Merry Task was ridden by Butwell and appeared to sulking. At all events, he was never able to get to the front and failed to finish among the first three.

Superstition, Harry Price's old campaigner, was claimed out of the second race by W. B. Carson for \$1,285. Gold Cap was bid up \$200 over his entered price by J. L. Bryan after he won, but was protected and bought in by his owner.

Alexander Smith Cochrane, a wealthy patron of racing in New York, has purchased the three-year-old His Majesty from J. W. Messervy, and the horse will probably be turned over to T. J. Healey to train. It is understood that Mr. Cochrane gave \$20,000 for His Majesty.

Another ruling was handed out in the Talbot case this afternoon, as follows: "At the request of J. O. Talbot, the stewards make the statement that the evidence upon which their ruling of May 13 was based, involves him personally in no other serious offense than too great confidence in his friends. When the objectionable connections and influences heretofore associated with the horses of Mr. Talbot are eliminated to the satisfaction of the stewards, Mr. Talbot will be in good standing at Pimlico."

The following owners have reserved cars for New York and will send their horses from here to Belmont Park to participate in the racing on the metropolitan tracks: J. L. Holland, Capt. E. B. Cassatt, August Belmont, Frederick Johnson, Samuel Ross, Capt. P. M. Walker, James Fitzsimmons, J. O. Talbot, J. E. Widener, R. T. Wilson, William Garth, Hal Parr, Harry Payne Whitney, F. J. Pons, Thomas Monahan, Thomas Fortune Ryan, and the Quincy Stable.

Jockey Ted Rice, in a letter to a friend in this country writes that both he and Archibald are having much success in Germany this season. Both lads are riding the horses that John Hyland is training for Baron Weinberg. There are some great two-year-olds in the string, according to Rice. Tommy Burns, who went to Germany a few months ago, has ridden several winners recently and has a host of followers.

J. L. Holland has added the filly Morning Glory, by Disguise—Dorset Flower, to the list of mares he has purchased at the stud in Oklahoma. He secured her from J. W. Pangle.

J. Howard Lewis has purchased the jumper High Hat of the Beverwyck Stable.

There is an epidemic of coughing at Pimlico and a great many two-year-olds are affected. J. H. Algonquin Daingerfield was a visitor at Pimlico this afternoon, as was also W. M. Northey, secretary of the Montreal Jockey Club.

Messrs. Smith and Colby have secured the betting ring privileges at the new track at Ottawa. They control the same privileges at the Hamilton track.

PROBABLE STARTERS FOR KING'S GUINEAS.

Toronto, Ont., May 16.—The King's Plate field for Saturday of next week, the opening day of the Ontario Jockey Club's meeting, will probably include ten horses. The likely starters are: Hearts of Oak, Volvoide, Gold Bud, Mansouls, Maid, Froome, Oudranida, Meteor, Rockspring, Miss Margaret, Crystallawaga and Lilburne. This list may be altered or added to as a result of work during the coming week. While it was originally looked on as a good thing that the race is now considered an open affair, with Gold Bud, Volvoide and Mansouls having a good chance with the early favorite, no rider has yet been engaged for Hearts of Oak, but Knapp will be on Gold Bud and Butwell on Volvoide. Wolfe will ride Crystallawaga for the Brookdale Stable of Barrie. The latter establishment had the misfortune to lose this week the broodmare Elf, by Galliard, known to fame as the dam of Broomstick. The died of bowel trouble and was in foal to the Flying Fox horse Red Fox II.

A Bermuda Derby winner was in New York yesterday on his way to Woodbine, where he will run in the Toronto Cup. He is a six-year-old gelding by St. Leonard II.—Reform Waver, and is called Blue Laws. Blue Laws was bred by Mrs. L. A. Livingston in New Jersey, but has never raced except in Bermuda. He will be put into the stable of trainer J. W. Graver.

The stable of J. A. Livingston from New Jersey, and Gallaher Bros. from Kentucky, were today's arrivals.

All the work at Woodbine this morning was done in the mud and around the dogs. A mile by Mansouls in 1:52½ was the best by a King's Plate.

WORK-OUTS OF LOUISVILLE HORSES.

Louisville, Ky., May 16.—The Churchill Downs track was slow this morning and the "dogs" were up when the following work-outs took place: Adelaide T.—Half mile in 53. Well in hand. Charlie—Half mile in 55. Training slowly. Dr. Waldo Briggs—Three-quarters in 1:18. Extra good work for him. He never looked better and is going soundly.

Floral Park—Mile in 1:39. Right on edge and was never better.

Flying Tom—Half mile in 53. Well in hand. Hawthorn—Three-quarters in 1:19. Under restraint. Coming to hand and looks good.

Idolweiss—Three-eighths in 43. Cantering. Limpet—Three-eighths in 39. Well in hand. Little Father—Three-eighths in 41. Hard held.

McKorkle—Mile in 1:57. Hard held. Should run improved race next time out.

Ocean Blue—Three-quarters in 1:22. Training nicely and is right on edge.

Old Rosebud—Three-eighths in 38. Right on edge. Ovation—Three-eighths in 38. Driving.

Pan Zareta—Half mile in 51. Showed speed and seems to be at himself.

Romney—Half mile in 51. Had early speed. Samuel R. Meyer—Three-eighths in 40. Easily.

Senator James—Three-quarters in 1:23. Cantering. Theresa Gill—Three-quarters in 1:22. Under restraint.

White Wolf—Three-eighths in 41. Well in hand. White—Half mile in 51. Right on edge.

Yunker—Mile in 1:55. Training slowly. Looks good.

LOOKING FORWARD TO KENTUCKY HANDICAP.

Probable Starters in Richest Race of the Year—Other Kentucky Gossip.

Louisville, Ky., May 16.—The outcome of the Clark Handicap tomorrow is expected to have some bearing on the Kentucky Handicap, \$10,000 added, which is to mark the opening of the twelve-days' meeting at Douglas Park Monday, May 25. Aside from those named to start tomorrow in the Clark Handicap, Ten Point, Foundation, Hawthorn, Adams Express and Gowell are prominent eligibles for the year's richest race that are looked upon as likely starters.

Manager John Hachmeister is jubilant over the prospects of the Kentucky Handicap being one of the greatest races of the year. With few exceptions the cracks named for this event are now doing well in training. Manager Hachmeister anticipates the largest attendance on May 26 ever seen at Douglas Park.

The other events set for the spring meeting at Douglas Park, including the Memorial Handicap, the Speculation Stakes and the Spring Trial Stakes, all promise to provide great racing. For the last named event, \$2,500 added, Old Rosebud, Little Newby, Vandegrift, Harry L., The Norman, Romney and Imperator are among the probable starters. So far Imperator, Little Newby and Vandegrift are unbeaten. With the exception of the Breeders' Futurity recently run at Lexington and the Cincinnati Trophy, the Spring Trial Stakes will be the richest two-year-old race in Kentucky this season.

So far starter Mars Cassidy has but three horses on his schooling list, namely, Joan Grey, Susan B. and the Kentucky Oaks candidate, Floral Park. F. J. Greer is schooling the latter filly daily and expects to get her to her next race as good an actor at the post as she was in her early days as a two-year-old. With Floral Park, Gowell, Christmas Star and Cream, The Widow Moon, Scampette, Renard and Silk Day as about certain orders in the Kentucky Oaks this spring, that event, which is set to be run on Saturday, May 24, the closing day at Churchill Downs, promises to provide one of the most brilliant contests in its long history.

The Kentucky Jockey Club, which was organized at a meeting of the Louisville Jockey Club in 1875 and has since been run annually without interruption.

G. H. Keene, the well-known Kentucky turfman and racing and breeding partner of J. O. Keene, has been about all fouled this spring. Fleck de Marie, by Meddler, has a chestnut filly by Voter; Agnes Virginia, by Sir Dixon, has a brown filly by Jack Atkin; Winnecock, by Montana, has a chestnut filly by Order; Micela, by Watercress, has a bay filly by Peter Quince; Twilight Queen, by Old fellow, has a bay filly by Peter Quince and Lady Alicia, by Sir Dixon, has a chestnut colt by the Futurity winner Ormondale. Fleck de Marie and Agnes Virginia have been about all fouled this spring. Winnecock to Ullinus; Micela to Peter Quince; Twilight Queen to Sain, and Lady Alicia to Jack Atkin. Logistilla, sister to Sotemla, winner of the Kentucky Endurance Stakes last fall in record time of 1:37½ for one mile, has been about all fouled this spring. Sotemla, winner of the Kentucky Endurance Stakes last fall in record time of 1:37½ for one mile, has been about all fouled this spring. Sotemla, winner of the Kentucky Endurance Stakes last fall in record time of 1:37½ for one mile, has been about all fouled this spring.

J. C. Milam's good filly, Star of Danube, will not get to the post in the Kentucky Oaks. This was the daughter of Star Shoot, which won the Clippert's Stakes at Latonia last spring, has not done well this year in training. She seems to be a poor feeder and Milam has had to go slow with her as a consequence. He is doubtful if she can race before the Latonia summer meeting.

The richly bred mare Mildred Schultz, by Driveto, owned by J. O. & G. H. Keene, is expected to foal to Peter Pan in a few days, and she will be mated this season to Sweep. Trainer James S. Everman has gelded John H. Morris' two-year-old Longwood, a half-brother to Bud Hill, by Stalwart—Young Thistle, and the youngster will be turned out for a brief season. One of the two-year-olds that Mose Goldblatt recently purchased in Missouri from L. A. Cella has also been gelded.

There are several stables at Latonia that will not come to either of the big tracks for the spring racing season, but will remain at the Kenton County course until racing begins there on Monday, June 9. The trainers who have strings now at Latonia are Thomas Sayres, Tim Pettie, J. Gallena, Dave Henry, Jim Lally, A. Riley and J. A. Strode. R. F. Carman's big string of horses are now at Belmont Park. After leaving Juarez last winter the Carman horses went to the Benning track at Washington and remained there six weeks before being transferred to the present quarters. Mr. Carman will race only in the east the coming summer.

That great four-year-old Free Lance, winner of the Latonia Derby of 1912, is taking exercise at Churchill Downs daily, and while he has not been set down for even a fast quarter as yet, it will not be long before he can be put into the best of racing condition. Trainer Pete Coyne still says, however, that he has no intention of racing this great colt before the Saratoga meeting in August.

AN INTERESTING SITUATION.

New York, May 16.—District Attorney Wysong of Nassau County, has sent the following letter to the controller at Mineola:

"Mr. John Lyon, Comptroller, Nassau County—Dear Sir: I believe I am authorized to employ extra help in the matter of the detection of crime when necessary, under the authority of Gardner vs. The Board of Supervisors. Heretofore you have disagreed with that authority and have declined to approve of bills for such services. I am desirous of seeing that the laws of the state are enforced at the coming race meetings, to be held in our county. I am also in receipt of a communication from the Governor of the State, asking that I co-operate with him in this matter. I am not only willing, but anxious, to see that the law is enforced, but to do so will require the employment of experienced men who are strangers to those likely to violate the law. As a matter for record, I would like to know whether you will approve of bills contracted by me for the county for the suppression of crime at Belmont Park. The prohibitive cost to the county will be \$8 a day and expenses for each man employed. I would appreciate a word from you in this regard at your earliest convenience. Yours, very truly, Charles N. Wysong, District Attorney."

Mr. Lyon says he will not pass on any question of the kind until it is presented to him in the way of a bill for the services spoken of, but he at the same time let it be known that he did not think he would allow the bills.

HIS MAJESTY IS SOLD FOR \$20,000.

G. W. Langdon Sells J. W. Messervy's Crack Three-Year-Old to Newcomer in Racing.

Louisville, Ky., May 16.—George W. Langdon transferred today to C. T. Patterson, for a consideration of \$20,000, the good three-year-old, His Majesty. Mr. Patterson was acting for Alexander Smith Cochrane of New York, and shipped the colt this afternoon to New York, where he will be raced. Commenting on the sale, Mr. Langdon said: "Of course, \$20,000 is a stiff price for a horse, but he is worth it and I made the transfer reluctantly. I am firmly of the opinion that he is the best colt in the country over a considerable distance of ground and that he will verify my judgment if he is started in the Lawrence Realization, Saratoga Cup or over a true Derby route of a mile and a half. I honestly believe that he could have handled 122 pounds and taken the measure of Gowell and Leochares today." Mr. Langdon bought His Majesty last fall from David Gideon for \$5,000 and won several purses with him. The colt was intended as a starter in the Kentucky Derby, but went amiss shortly after his arrival here from Gravesend. He has fully recovered and little fears are anticipated that he will suffer any after effects as a result of his illness.

Lexington, Ky., May 16.—Chas. T. Patterson, acting for Alexander Smith Cochrane, a wealthy New Yorker, today purchased from George W. Langdon for \$20,000 the good three-year-old His Majesty, and sent it to New York for the Kentucky Derby. The colt will be shipped here from Louisville tomorrow and will be taken to Belmont Park along with Patterson's other racers next week.

MUTUELS LEGALIZED IN COLORADO.

Bill Providing for State Racing Commission Becomes Law Without Governor's Signature.

Denver, Col., May 16.—Governor Ammons has permitted the bill providing for state control of racing to become law without his signature, preferring not to sign nor veto it. In allowing the racing bill to become a law the Governor stated that since the members of the Interstate Fair Association seemed to want the legislation he would acquiesce in their wishes. At the same time he announced a veto of the boxing bill passed by the legislature.

The racing bill was introduced in the lower branch of the legislature by Representative Andrew and was passed by a vote of 12 to 10. It provides for the creation of a racing commission, which will have jurisdiction over all horse speed contests. The present system of wagering is legalized. The appointment of the commissioners probably will be announced within a short time and the first meeting under the provisions of the bill is expected to take place during the coming summer at Overland Park.

NOTES OF THE TURF.

The Broomstick four-year-old, Beethoven, has been returned by H. P. Whitney from England for racing in America.

Grania is an extremely bad post actor and almost invariably delays the start of any race for which she is entered.

Eugene Leigh trained the steeplechaser Sea Lord, which recently won the Berlin Grand Steeplechase, worth \$16,000, with jockey Vincent Powers up.

Gallaher Bros. Center Shot, holder of the American record of 1:37½ for one mile, has been foaled a brown filly by Plaudif at Thomas Platt's farm.

The report comes from Montreal that Joseph A. Murphy will fill the position of racing secretary and associate judge at King Edward Park. Capt. T. J. Clay of Lexington, is to be presiding judge.

Under the new regulations for the English Stud Book no more registrations will be accepted of any animals that do not trace to horses or mares themselves in the earlier volumes. This will exclude the further admission of some important American families.

Allan Winter, the six-year-old son of Allan-a-Dale and Anna, which ran one race, at Jacksonville, Fla., in 1910, in the color of a dark bay, and was then sold for saddle purposes to a Florida turpentine man, was recently re-purchased by C. J. Knans of Jacksonville and will be trained and raced.

The expense of carrying on an English stable of imported horses has been estimated from the fact that Mr. Buchanan's Crispette and Gentle Shepherd, both of which will be unable to run this year, have respectively thirty-seven and thirty-six engagements in stakes that have cost at least five pounds for each engagement.

Word has been received of the death at Sharonville, Ky., of George Ecclell, who for many years was manager for the Cella-Adler-Tiles bookmaking combine, and in that capacity had charge of the poolroom operated by them for several years at Huber's garden, Newport, Ky. Later he ran a string of handbooks in Cincinnati. He was fifty years of age. The funeral will take place from his home in Sharonville this morning, with interment at Evergreen Cemetery.

King George is showing a keen interest in racing, and went to Newmarket for the two days on which the Two Thousand and One Thousand Guineas were run. He was not present on the odd day when his colors were carried to victory by Ammer, but he was on hand to see his filly, Princess Dagmar, defeated in the One Thousand Guineas, while another of his horses, Thrace, was third in the Mildenhall Plate. During the morning the King put in an hour on the Heath watching his horses at work.

Highbridge did not close his racing in England with his failure in the Grand National. On the last of April he was a runner in the Criterion Handicap at Sandown Park, over a course of about two miles and a half. He had topweight, 176 pounds, which was considerably more than any of the fourteen others that ran. Highbridge, ridden again by W. Payne, finished fourth to J. C. Smith's Lancer (159), Engenist (159), and Abbott's Choice (159). The American horse was an 8 to 1 chance in the betting.

Masetto, the sire of J. W. Schorr's crack four-year-old Froglegs, is by St. Simon—Lady Abbess and was imported from England to Canada by Ed. Hines of Toronto, then an Owen Sound man. Masetto was afterwards sold to J. C. Smith, who sent him to Kentucky. As an individual, Masetto was not much, and he was purchased in England for a trifling sum. He was once described as a horse that could not walk, trot nor canter, let alone gallop. But he came of a royal race, and his blood proved superior to his own lack of individuality. His progeny have proven greater than himself.

SUIT OVER ALBERT STAR.

Lexington, Ky., May 16.—Trial of the suit of President Catesby Woodford of the Kentucky Association against State Senator Claude M. Thomas and Dan T. Morris, for \$400 alleged to be due on the purchase of the running horse Albert Star, in 1906, was begun here today, but went over until Monday after Thomas had testified that he was not a partner with Morris in the ownership of the horse.

HANDICAP TWO-HORSE RACE

ONLY GOWELL AND LEOCHARES CONTEST IN CHURCHILL DOWNS FEATURE.

Former Scores Easy Victory When Leochares Gives Up Struggle at End of Three-quarters—More Rain Falls and Favorites Are All Beaten.

Louisville, Ky., May 16.—Threatening weather that prevailed this afternoon was instrumental in causing a slump in the attendance at Churchill Downs and also was reflected in the betting, the volume of wagering falling off considerably as compared with former days. The change in the going reduced the number of starters in all the races except the opener. The handicap, which originally had only four carded, suffered by the withdrawal of Rolling Stone and Joe Morris, both being excused from starting on account of their dislike for mud. Leochares and Gowell, which contested for the \$1,000 purse, had almost an equal number of supporters, and the pair ran close together for the first three-quarters, but thereafter the filly clearly demonstrated her superiority and drew away decisively to win as her rider pleased. Leochares indicated by his running this afternoon that he will not be much of a factor among the top notches, except in spring events. He weakened badly after going three-quarters.

In addition to capturing the feature with Gowell, the Weaver establishment's Lady Lightning won the opening dash. Lady Lightning is now showing a genuine her good two-year-old form. All the favorites were beaten this afternoon. The talent started off wrong foot first when they chose Merrick as the probable winner of the opener. He flattered his backers for the first half mile by staying on to Lady Lightning, but he weakened in the stretch and had to be driven hard to outstay Blue Thistle for third money.

Thomas C. McDowell furnished the beaten favorites in the two-year-old races in Watermelon and The Norman. The former's failure was in the main due to a bad send off, but The Norman's defeat was a result of his lumbering and awkward beginning. He will probably do better later in the season when he becomes more accustomed to racing.

Husky Lad furnished the interest in the third race by sprendengling the others, and winning the first purse of the Kentucky season for Adair & Baker. After the finish he was bid up to \$800 and bought by W. F. Cisco. He was entered for \$300 and the bidding was in retaliation for the loss of White Wolf last season. The closing dash was taken by Mockler, which showed a decided liking for the soft going. Ursula Emma, the overwhelming choice, ran poorly and brought up in the rack.

The stewards today sustained a protest filed by Earl Linnell, owner of Love Day, against the payment of second money to Forehead, which was the runner-up in yesterday's closing dash, on the ground that he carried 112 pounds instead of 113, as the conditions called for. Second money was given to Bonne Chance and Love Day got third.

The program books for the last six days of the present meeting were distributed to owners this morning. The book shows a fairly increase in purse moneys. The program book for the first six days of the Douglas Park racing was also distributed to owners today. The opening day values break all Kentucky records, a total of \$13,300 being offered, of which amount \$10,000 is added to the Kentucky Handicap.

howled over in pretty nearly all the races. Moller scored a lucky victory in the opening dash. Rushing to the front quickly, he escaped a jam that occurred right after the start. Hazel C. the favorite, swerved from the outside to the inner rail, bothering some of the others. Mona Canonmum was returned the winner of the fourth race. She won because she is essentially a front runner. She stole off a lead over the others that was being rated behind her, expecting that she would tire in the final part. Delaney, the favorite, finished with a great rush, but it was late.
Sir Prefect, after winning the fifth race, was bid up from \$100 to \$200 by W. Smith. He was retained by the usual advantage by owner J. J. Coulter.

PARI-MUTUELS FOR PORTER.

Word comes from Louisville that the management of the Mineral Springs Jockey Club, whose inaugural meeting at Porter, Ind., proved a fizzle last fall as a result of the drastic measures resorted to by Governor Marshall to stop it, are making efforts to obtain a supply of pari-mutuel machines in Kentucky for a fifteen-day meeting which has been announced for the Porter track, beginning June 14. The plans of the promoters contemplate racing from that date until July 5, except on Sundays, Mondays and Fridays. It is claimed that the pari-mutuel system of betting will not violate the Indiana law. If the first meeting is successfully carried through, it is said that other meetings will follow in August and October.

O. Wadley's four-year-old bay gelding Fitz Yataa, by Santos—Fizzer, 98 pounds, was second, and L. Wiggins' five-year-old chestnut horse Adam Bede, by Adam—Grace Gumberts, 121 pounds, was third.

ANSWERS TO QUERIES.

R. S. Toronto, Ont. Bets on Tom Holland in race 8221 won.
M. E. R. Cleveland, O. The net sum due you was \$29.95.

S. A. G. Toronto, Ont. When a field horse wins in the mutuels, a bet on any of the field horses wins.

D. L. Braddock, Pa. Certainly. Place and show bets on any of the field horses won. No replies by mail or telegraph.

J. R. Windsor, Ont. The point in the case is that the bookmaker is a loser, and he is not a bookmaker and took a chance to win the money. As one of the horses named won, he now should pay.
